Join us as we travel to Guatemala, a nation rich in culture, color, natural beauty . . . and heartache. Approximately 70 percent of Guatemalans living in rural areas are entrenched in poverty. Today, 80 percent of children living in these regions are malnourished due largely to the lack of clean water.

On this trip, you will work alongside our national partners:

- Caring for malnourished children at the *Operation Baby Rescue* center
- Visiting remote Guatemalan communities and minister to villagers there
- Interacting with orphans at the Hope of Life children's home in Zacapa
- Experiencing the vibrant Guatemalan culture and its rich history

Included in the trip cost is a donation toward World Help's *Operation Baby Rescue* program. Combined, the participants of each trip, will provide funding for rescue the lives of two children.

If you don't currently have a valid passport through the trip dates, you will want to apply for one quickly. Passports can take 4-6 weeks to obtain.
