LETTER FROM THE PRESIDENT

Kingdom Partners has always been a team of rescuers, and in 2019 you rescued more people than ever before! Because of you, families around the world have the lifesaving help they need to survive and have experienced the love of Christ.

This past year marked the 20th anniversary of Kingdom Partners. During those two decades, you have helped RESCUE nearly 3 million people in need. The men, women, and children who benefited from your generosity will never forget your kindness.

Your giving has put you on the front lines of some of the world's neediest communities. You have fed starving babies in Guatemala, placed Bibles in the hands of secret believers in North Korea and Iran, broken the chains of slavery for girls in Thailand and India, helped children in Nepal escape poverty, and so much more.

Because I've seen your passion in action, I know you're not going to stop here. You have made it your goal to help rescue as many people as possible, and we're incredibly honored you have decided to partner with World Help in your rescue mission.

Thank you for all you have done to bring physical help and spiritual hope to families all around the globe.

Help and Hope,

Noel Brewer Yeatts

HUMANITARIAN AID

One of the most impactful ways that you helped rescue people this year was by shipping lifesaving supplies like food, clothing, hygiene kits, medical equipment, and more.

By covering the cost to ship these items you made sure they didn't just sit in a warehouse, but instead were placed in the hands of the people who needed them most.

During the 16th Annual Kingdom Partners Golf Tournament alone, you provided \$480,000 to send 38 containers packed with approximately \$13.5 million worth of emergency aid. That's enough to help 325,000 people!

You made it possible to send containers of essential provisions to countries like Guatemala, Iraq, Jordan, Zambia, Peru, Uganda, and Nicaragua. And these supplies are often the difference between life and death for families living in poverty!

You made an incredible impact in Jordan once again. In addition to sending lifesaving supplies, you also provided medical care to impoverished families.

DISASTER RELIEF

On top of providing lifesaving aid to families year-round, you also sprang into action to do even more when disasters struck.

This year, Hurricane Dorian devastated the Bahamas, destroying entire communities and leaving 78,000 people homeless. As usual, Kingdom Partners was among the first to respond.

You helped provide emergency relief like food, bottled water, clothing, generators, and more, enabling people to survive in the wake of this historic storm.

You are always quick to respond in times of crisis. Hurricane relief, rushing in to help Syrian refugees, and even helping provide emergency aid after Cyclone Idai in Zimbabwe has made a lifesaving difference.

Your quick action in these situations literally helped save the lives of families who had lost everything.

“
We give thanks that we are living
because a lot of people lost their lives.”

Julie
Hurricane Dorian survivor

You helped provide emergency supplies that were distributed to about 400 evacuees at an aid distribution center run by the People's Church in Spanish Wells, Bahamas.

REFUGEE RELIEF

The refugee crisis has fallen out of the news over the past several years, leaving the families still living in camps with dwindling supplies feeling alone and forgotten. But YOU didn't forget them.

You have been there for people like Eva from the very beginning. Eva, whose name we've changed for safety, lost everything in Syria's seemingly endless civil war. Her house was destroyed, her husband was killed, and she had no choice but to flee with her children.

She had nothing — no home, no job, and no way to care for her kids. As months turned into years and the children grew older, it became even harder for Eva to provide everything they required. But you helped meet their needs. And while receiving care at one of the medical clinics you helped provide, Eva experienced the love of Christ.

"I felt God didn't forget us, so I put all my worries and pains in His hands," Eva said. "He took care of us, so I praise Him for His faithfulness and thank Him for the godly people He put in our way."

Refugees have survived so much trauma by the time they arrive in camps that they are especially grateful for the aid and medical care that you help provide.

Thank you for providing critical aid like food, clean water, clothing, blankets, medical care, and more to refugees like Eva.

CUBA CHURCH PLANTING

For a long time, the beautiful country of Cuba remained closed off to the world ... and to the Gospel. But now a revival is happening across this nation, and you have played an important part in that!

Your support of church planters in Cuba has provided them with resources like biblical training, Bibles, and study materials as well as essentials like food for their families and transportation costs.

With these tools, they can continue establishing faith communities all across Cuba and reaching more people like Alex with the Gospel.

Alex had been practicing witchcraft since his early 20s. He took part in many pagan rituals and eventually became a priest in the Santería religion. But when Alex's girlfriend introduced him to a Christian church planter, everything changed. He heard the Gospel, repented, and was baptized. Today, Alex is studying to become a church planter himself!

Thank you for helping win Cuba for Christ! With every church planted and every person reached with the Gospel, you are fanning the flames of revival in this nation hungry for the Truth.

FREEDOM FROM SLAVERY

Kingdom Partners has always been an advocate for the world's most vulnerable people. So, when you learned that girls in India and Thailand were being forced into the sex industry, you immediately stepped in to help.

By supporting Freedom Homes, you have given these girls a safe place to live, the opportunity to earn an education or learn vocational skills, and a way out.

One of the youngest residents in the Thailand Freedom Homes is a little girl whom we'll call Faa. Her father was arrested, and her mother abandoned her when she was 6 years old. Faa was taken to a welfare shelter where they discovered she had no birth certificate or records.

Faa was classified as "stateless" with no rights, few opportunities for education, and no protection under the law. Without help, she would have ended up like countless other girls, surviving only by working in the nation's booming red-light districts.

*But when the staff of the Thailand Freedom Home learned of Faa's situation, they received her with joy. She is now happy and smiling, doing well in school, and making new friends. **Most importantly, Faa is safe from exploitation and is experiencing God's love.***

The Freedom Homes, like this one in Pattaya, Thailand, are a beacon of hope for girls trapped in sexual slavery. Your support means these young women have a chance at a brighter future.

THAILAND CHRISTMAS PARTIES

When Christ came to earth that first Christmas, it was to give us freedom from our sins. And the Christmas parties you have helped throw in Thailand have introduced hundreds of girls to this freedom – and freedom from the sex industry.

Hom, whose name we've changed, will never forget the night she was invited to a Christmas party. She was at her absolute lowest point.

She had come to the city, hoping to enroll in college. But on one of the first days of her new life, Hom was mugged. Her money and her identification papers were stolen, and all she had left was her body ... so she began selling it.

Every night was painful, but the night before Hom was invited to the Christmas party was the worst. One of her customers had beaten her, leaving her bruised and broken.

Hom was overwhelmed with gratitude when she found out your generosity had paid her bar fine so she could escape for one night and attend the Christmas party. And she was even more grateful when she learned about the opportunity to escape for good! She moved into the Freedom Home just two days later.

Because of your support, hundreds of girls trapped in cultural slavery had the opportunity to enjoy a meal, a night of fellowship, and hear about the love of Jesus.

GUATEMALA

The people of Guatemala have always held a special place in your heart, and as a result, thousands of lives there have been completely transformed with the help and hope you have provided.

The village of Tasharte continues to thrive because of the ongoing work you have done there. You've gone beyond just providing food, clean water, classrooms, a church, and other building projects in this community. You've invested your time and energy into improving people's lives, showing them how much you care.

The state-of-the-art medical clinic you provided at Hope of Life continues to serve patients daily, allowing people to get lifesaving, free medical care that they could never afford on their own.

*Finally, the improvements you made to Kelly's House are still making an impact for children with special needs. **You have given hope to people all across the nation of Guatemala!***

“

“We are grateful to the kindhearted people God used to answer our prayers. May God continue to bless you so you can give joy to more people.”

Pastor Gamaliel
of Tarsharte

INDIA

By supporting a children's home in India, you have given children a chance at a brighter future that never would have been possible otherwise.

The renovations you provided at the home ensured that the students there didn't just receive an adequate education and care — they received the best quality care available. From essentials like updates to the dormitories and new mattresses to things like a new bus and security fence, you have made sure that every need is met.

“

“I am forever grateful to [the children's home] and our donors for the unconditional love I receive. You have never met me or any of my brothers and sisters [at the home], but you love us anyway. You mean so much to us, and we pray for you daily.”

Nemlaldeih
11th grade

It is nearly impossible for poor children in India to attend school. But because you care, these children are receiving a quality education.

NORTH KOREA BIBLES

By sending Bibles to persecuted North Korean believers, you are shining the light of God's Word in the most spiritually dark country on earth.

North Korea has been ranked the most dangerous place in the world for Christians for 18 years in a row. Believers there can be sent to a labor camp for years or even killed just for owning a Bible. Still, they beg for more copies because of the comfort God's Word brings. And Kingdom Partners has helped answer their cries.

The Bibles you have sent are changing hearts and lives as evidenced by this testimony from one secret North Korean believer:

“

“Through our Bible study today, I realized how big God's love for us is. The more I hear the Word of God in the Bible, the more it becomes engraved in my heart. I don't know how to express that to you with my words. I will live like the words written in the Bible, and I try to learn more and more.”

Thank you for providing the ultimate source of peace and joy — God's Word — to Christians facing the world's worst persecution.

IRAN BIBLES

Iran is home to the world's fastest growing underground church, and you have played a vital part in that growth by providing Bibles for new believers and seekers.

Just a few decades ago, there were an estimated 500 Muslim-background believers in Iran. Today, there are at least 800,000 Christ-followers throughout the country! Providing these new believers with Bibles has been a challenge ... but it is a challenge you have accepted.

Through your generous giving this year, you have provided hundreds of Bibles to underground Christians in Iran. And since these believers share their copies of God's Word as they witness to others, each Bible you have provided will reach at least FIVE people!

Our partner from Iran recently sent this update about how the Bibles you have provided are making an impact:

“

“The openness to the Gospel is greater than ever; it's wonderful to hear the stories of salvation. Men, women, and young and old are being set free as they meet Jesus in the New Testament. One believer said to me, ‘When I had the opportunity to read the Bible, I found true hope.’”

Your generosity has given true hope to men and women all across Iran.

SPONSORSHIP

Child sponsorship is one of the most effective and long-lasting ways to rescue a child from poverty. And in 2019, Kingdom Partners sponsored 163 children in 14 countries.

These children now have access to essentials like nutritious meals, medical care, durable clothing, and more. They have educational opportunities so they can grow up and get good jobs to help support their families. And most importantly, they have a chance to experience the love of Jesus.

You have completely changed the story for children like Melissa of Honduras.

Many children in Melissa's community have to drop out of school so they can help provide for their families or because they can't afford the school supplies they need. Melissa's parents wanted a better future for their daughter, which is why they were overjoyed when they learned she had a sponsor.

Melissa loves being sponsored, too! She receives academic tutoring, participates in extracurricular activities, and eats healthy meals every day. She now dreams of becoming a teacher when she grows up.

“

“What happiness fills my life to know that I can count on your help,” Melissa recently wrote. “Thank you very much for everything.”

Your involvement in child sponsorship means that kids who once had no hope for the future are now thriving.

NEPAL

The boys and girls at a children's home in Nepal have not have not forgotten the kindness you showed them following the catastrophic earthquake of 2015. By supporting the rebuilding efforts there, you have given them back their home.

Following the earthquake, all of the students had to sleep outdoors in tents. They were scared and didn't know what the future held. By you helped make sure their lives stayed on track even in the wake of this historic disaster.

The director of the children's home put it best:

"Thank you very much for your love, care, support, and concern. Life was not easy after the earthquake hit on April 25, 2015. We were not able to stay inside our home. We prayed for a new building. God answered our prayers. God gave us a new building — a very strong, earthquake-resistant building.

"Now we are able to stay inside our new home, and our children can live without any fear of earthquakes, heavy rainfall, or storms. May God bless you in the coming days for what you have done for our children and our family."

UGANDA

Kingdom Partners has been involved in Uganda for many years, investing in the education of both children and adults to help them escape poverty.

Many of the children living at Good Samaritan Children's Home have been directly affected by extreme poverty, abandonment, and the HIV/AIDS pandemic. They have been overlooked by most of society ... but not by you. You helped make sure they have access to the education and daily resources they need.

Likewise, at Destiny Boarding School, the additional boys dormitory you provided continues to help make sure that even more children have a chance at a successful future.

You've also provided a fresh start to adults whose education was cut short by giving them access to training in trades such as tailoring, welding, and cosmetology. Matthew is just one example of the many people you have impacted:

“

“My name is Matthew, and I am 30 years old. I am from South Sudan, and I am a refugee. Life is hard in the camp for sure unless you have some skills and start up some business for yourself. With this opportunity I have got to be trained and the new welding tools I have received, I will greatly improve my life and that of my family.”

CLEAN WATER

“Water is life” is a phrase that Kingdom Partners knows well and believes deeply. Your support of clean-water projects throughout the years has given thousands of people access to this life-giving resource.

The simple gift of clean water can transform an entire village and provide people with a way out of poverty.

Before you stepped in, 20-year-old Dina used to walk 45 minutes to collect water from the nearest river and lug it back home — not an easy task for a mom with her hands full raising a toddler.

And after all her hard work, all she had to show for it was polluted water filled with dirt, mud, and bacteria. She worried for her son's life, knowing that contaminated water has contributed to the deaths of many children his age.

But now, with a new well in her village, Dina doesn't have to worry anymore. She has clean water whenever she needs it, and her son is safe from disease.

“

“Thank you for giving us a clean water source in our village,” Dina said. “We feel so grateful for this great gift. God bless you and let you help more families like us.”

FUNDRAISING

In addition to giving yourselves, you also inspired others to become world changers through the creative fundraisers you hosted throughout the year.

Whether it was a golf tournament, a race, or a dinner, the heart of every event remained reaching people in need with lifesaving help and the eternal hope of the Gospel. It was wonderful to watch as you shared your passion with others and encouraged them to join the global rescue mission, too.

This year, Kingdom Partners provided more than \$580,041 through fundraisers!

Golf Tournament
\$480,000

Turkey Wobble
\$33,841

Night of Freedom
\$60,907

IMPACT

Kingdom Partners has always been an example of what it means to follow Christ's command to care for the least of these. We at World Help are honored you have chosen to partner with us in your calling to help rescue men, women, and children around the globe.

Since 1999, you have contributed \$13,268,726. And in 2019 alone, you gave \$1,658,395, impacting 493,185 people's lives. But we know you aren't done yet, and we are excited to see the ways God continues to use you for His glory in the future.
