

# Burundi

**Population:** 10,520,000

**Christians:** 9,888,800

**Main religion:** Catholicism

**Reason for Bible desert:** Poverty

Burundi is one of the poorest countries in the entire world, and it is still struggling to recover from a 12-year civil war over tensions between the Tutsi and the Hutu ethnic groups. Thousands of people were killed, and even more were driven from their homes. The people of this nation desperately need the help of God's Word as they attempt to forgive and move on. Burundi is a country with many Christians, but because of extreme poverty, many people cannot afford a Bible of their own.

## Pray for Burundi

- Pray that stability and peace will return to the country of Burundi
- Pray that local pastors will be able to minister to their broken communities
- Pray for those who are still displaced because of the violence
- Pray for people to find hope in God's Word
