Reason for Bible desert: Refugee crisis

While most people would not think of the country of Greece as a Bible desert, the refugee camps within this nation certainly are. As the refugee crisis in the Middle East has grown, thousands of families have found themselves living in limbo in Greek camps while they wait for asylum in Europe. Many of these refugees are searching for answers as they face the greatest trial of their lifetimes, but since they can't work, most cannot afford a Bible.

Pray for Greece

- Pray for the health and safety of those living in the camps
- Pray that Christian refugees will share the Gospel with their Muslim neighbors
- Pray that more Bibles would be available for refugees
