Happy Valentine's Day, !

Valentine's Day is a time to show the people in our lives how much we love them. You are very special to me, and I love you! I am so thankful that I get to be your sponsor. It makes me so happy!

Here is a heart I colored for you. Will you color the one beside mine? Every time you look at our two hearts together, I hope you will remember how much you are loved!

Love,

.....
