

PROVIDE EMERGENCY CORONAVIRUS RELIEF

The coronavirus has taken millions of lives worldwide. But for many people living in poverty, starvation and unemployment caused by the pandemic are more deadly than the virus itself.

You can help rescue families struggling to survive during this global crisis. Your gift will help provide lifesaving aid like nutritious food, clean water, medical care, hygiene kits, and more.

Plus, your gift DOUBLES! World Help Board members have pledged to match your gift up to \$300,000.

Every \$8 multiplies to help rescue TWO people.

HOW YOUR GIFT MAKES A DIFFERENCE

You will help send emergency coronavirus relief to some of the most impoverished people around the world like ...

- **Starving children in Uganda**, where the pandemic has delayed harvests and caused a severe food crisis
- **Out-of-work families in Zimbabwe**, where lockdowns have cost more than 80 percent of people their jobs
- **Elderly people in Guatemala** who are literally hanging white flags outside their homes as a sign they are out of food
- **Desperate parents in Nicaragua** who have nothing but sugar water to feed their kids for days at a time

Additionally, you will show the love of Christ and bring hope during these challenging times.

You will also help erase a projected budget shortfall caused by canceled fundraising events and ensure that global programs can continue serving as many people as possible.

HELP RESCUE 75,000 PEOPLE IN NEED

Thanks to a generous matching gift, your tax-deductible gift will be **DOUBLED** up to **\$300,000**.

If we reach that maximum amount together, we will be able to reach and impact as many as **75,000** people around the globe.

**EVERY \$8 HELPS RESCUE
TWO PEOPLE**
