

YOU HELPED PLANT CHURCHES WORLDWIDE

Thank you for your donation to help plant churches around the world. Because of your generosity, church planters are now equipped with training, Bibles, study materials, and other essentials so they can continue reaching more people with the Gospel.

Without your gifts, communities in places such as Cuba, Guatemala, India, Nepal, and China might have never heard the name of Jesus. You have truly made an impact that will outlive you and last for eternity.

Here are the stories of just two of the people whose lives you have helped transform.

LARA: MEETING PHYSICAL AND SPIRITUAL NEEDS

When Lara* became a church planter, she made it her mission to spread the Gospel in her Cuban community. But then the coronavirus pandemic happened.

Businesses shut down. Families sheltered in place. And churches had to stop meeting.

Not only could she no longer see her church family each week, but she also knew that many of them were hurting because the pandemic had caused food shortages across the country.

But your support helped meet both of these needs. **You provided essentials like transportation and masks so Lara could visit each church member at home. And because of your generosity, she was also able to**

During the pandemic, the church planters you supported have been helping to meet physical needs as well as spiritual ones as a way to show Christ's love.

give them each a small financial gift to help with their physical needs.

Today, Lara's church is able to meet again in person, and God is doing amazing things. The number of church members has doubled in the past year. Several people have given their lives to Christ and been baptized – including Lara's own husband whom she had been praying for over the past 15 years!

“Thank you that despite the situation due to the pandemic, you faithful workers of the Lord have kept helping us Cuban missionaries,” Lara said. **“God bless you always and thank you for your love offerings.”**

DANIELE: A NEW SISTER IN CHRIST!

Daniele* also lives in Cuba. Unlike Lara, though, Daniele didn't know about the Gospel until very recently ... when one of the church planters you helped support told her about Jesus.

Daniele's husband was away in Venezuela for work when the borders closed because of the pandemic. She had no idea when she would be able to see him again, and she fell into a dark depression.

That's when a church planter knocked on her door. The missionary told her about God's love and how He is always with her. With tears in her eyes, Daniele gave her life to Jesus.

“This sister accepted Christ because she confessed to us that no one had ever told her about Christ and that we were the first to tell her about the Lord,” the church planter said. “I am very grateful for having the opportunity to share the Gospel of Christ and His salvation.”

Daniele is no longer depressed. She now has hope and is eager to share that hope with others. You played a critical part in that! **And every time Daniele tells someone else about Jesus, you play a part in that too. Your impact will continue to multiply and make an eternal difference.**

**Names changed for privacy*

Thanks to your support, people like Daniele are hearing the Gospel and coming to Christ!
