

MONTHLY PRAYER GUIDE

This month, join us in praying for needs throughout Africa.

JULY
2021

WEEK 1

July
4 - 10

PRAY FOR FAMILIES IN UGANDA GOING BACK UNDER LOCKDOWN

Countries like Uganda are entering another lockdown as more coronavirus cases flood the area. While safety measures are vital, families who were trying to get back on their feet will be out of work once again. Parents won't be able to provide for their children, and children won't be able to get lunches since schools are closed. *Pray for families in Uganda and other areas around the world entering another lockdown.*

WEEK 2

July
11 - 17

PRAY FOR STARVING CHILDREN IN TIGRAY, ETHIOPIA

The U.N. recently stated that over 350,000 people are living in severe crisis in Tigray. Due to the ongoing military conflict there, millions of families are displaced, and there isn't enough food to go around. As a result, children are starving to death. Pray for the children living in areas of conflict and famine. *Pray they'll receive the dire care they desperately need and that the fighting will end soon.*

WEEK 3

July
18 - 24

PRAY FOR THE DROUGHTS THROUGHOUT AFRICA

Countries like Zimbabwe have faced severe droughts for years. The coronavirus has only made food insecurity worse, and families don't know if they'll be able to grow enough food to keep going. Zimbabwe is hopeful for this year's crop but still needs your prayers. Pray that rain will come to countries facing droughts. *And pray for countries like Zimbabwe to have successful harvests.*

WEEK 4

**July
25 - 31**

PRAY FOR COUNTRIES BRACING FOR A THIRD WAVE OF THE PANDEMIC

Countries like Zambia are concerned over a third wave of the pandemic. Their hospitals don't have enough oxygen to treat patients if they were hit as hard as last year. Doctors and nurses are preparing for the worst, but no one knows what's to come. Pray for developing countries as they brace for another wave of coronavirus. *Pray they'll receive the resources they need if the worst happens.*
