## LETTER FROM THE PRESIDENT

---

Kingdom Partners has been a vital part of the World Help family for 22 years now. Honestly, I don't know where we would be without your generosity and faithful giving.

---

*From India to Guatemala to Uganda and beyond, you helped rescue 296,039 people in need over the last year. Thank you for meeting immediate needs by providing both help and hope.*

---

You helped families escape poverty, placed Bibles in the hands of persecuted Christians, fed starving children, helped rescue girls from a life of sexual slavery, and so much more.

Kingdom Partners continues to leave a legacy of transforming lives all for the sake of Christ. You're truly making a difference that will outlive you and last for eternity.

Thank you for being such an incredible group of world-changers. I always look forward to seeing the ways God uses you to make a global, eternal difference in His name.

*Help and Hope,*

**Noel Brewer Yeatts**  
President, World Help

# PANDEMIC RELIEF

*One of the biggest ways you helped people in need this year was by providing emergency relief like food, hygiene kits, medical care, and more.*

Your continued support of people struggling to survive during the pandemic is inspiring.

Together you've helped people like Erina.

*Before the coronavirus pandemic hit, Erina worked for a catering company, and her husband worked in carpentry. But when the first lockdown began, Erina and her husband both found themselves out of work.*

***Most days Erina's children would be forced to live off one meal per day – if that.*** *She said that sometimes her children would come up to her in the middle of the day with tears in their eyes. They'd ask her if there was anything else to eat. It's hard to imagine the heartbreak of knowing your shelves are empty and you have nothing to give your starving children.*

That's why we're so thankful you gave to provide emergency aid during this difficult time. **Because of your generosity, families like Erina's have essentials like food, clean water, hygiene kits, medical care, and other physical help and spiritual hope.**

# HUMANITARIAN AID

*Once again, you made an incredible impact around the world by shipping critical supplies like food, clothing, baby formula, medicine, medical equipment, and more to people who need them most.*

Your generous gifts made sure these lifesaving items didn't just sit on a shelf in our distribution center. You shipped them to men, women, and children who might not have survived without them.

Through the annual Kingdom Partners Golf Tournament, you raised \$409,000 to send 20 shipping containers packed with approximately \$8.4 million worth of emergency aid.

You helped ship lifesaving supplies to places like:

- **Guatemala**, where families are still struggling due to the pandemic and the devastation of last year's hurricanes
- **Zimbabwe**, where children are going to bed hungry because their parents can't find consistent work
- **Haiti**, where people are still struggling from the effects of the recent earthquake and tropical storms
- **And many more** including Nicaragua, Peru, Zambia, Jordan, Iraq, Honduras, Tanzania, Cuba, and Venezuela

“

*“Without your help, we have nothing. No jobs, no chance to go to school, and no chance to move around like before. It is hard to think of our future. Thank you for not forgetting us completely, especially the women and girls.”*

Recipient in  
Afghanistan

# CUBA CHURCH PLANTING

*Many families throughout Cuba feel hopeless right now. They desperately need something to cling to. Because of you, many have heard the Gospel and accepted Christ.*

By supporting church planters in Cuba, you have provided them with the biblical training and resources they need to reach more people for Christ. Not only did you help provide things like Bibles and study materials, but you also blessed them with food for their families and transportation costs to better serve their congregations.

Without your support, people like Odalys may never have submitted to Christ.

*Odalys said she felt bound by the devil. She had become obsessed with a pagan religion, worshipping idols and spending so much time on rituals that it caused her marriage to fall apart.*

*After her husband left, Odalys became overwhelmed and depressed. But then church planters you help support started ministering to Odalys.*

*"She asked us to throw away her idols and said she wanted to learn more about God," one of the church planters said. "We began to disciple her, and the change that the Holy Spirit has made in her life is a testimony for everyone in the town."*

**Thank you for giving to help spread the name of Jesus throughout Cuba. Your impact has made an eternal difference in the lives of so many people!**

# REFUGEE RELIEF

*Kingdom Partners has always helped refugees. But in 2021 you also helped displaced families in Afghanistan who are currently trapped inside their own country.*

Here is a recent update on how your gifts are making an incredible difference in places like Afghanistan.

*Our partners recently distributed essentials like beans, rice, peas, macaroni, flour, and oil to people in need in Afghanistan. These items will give displaced families the nutrition they need to survive the difficult days ahead.*

*The men, women, and children who received these items are so thankful for your generosity. In fact, they stuck extra close to their food bags during distribution because they are that precious to them.*

*They know this food will help keep their families alive.*

Thank you for providing critical aid like food, clean water, clothing, blankets, medical care, and more for displaced families in Afghanistan and other areas of conflict.

# DISASTER RELIEF

*From hurricanes to earthquakes, you always race to the front lines to help disaster victims around the globe.*

Haiti received an onslaught of disasters this year. After their devastating earthquake, they were hit by Tropical Storm Grace. But you helped meet their vital needs by rushing in emergency aid.

*In addition to the tents and lifesaving food, you also helped provide medical care for the people of Haiti. **Medical staff helped treat the wounds of injured earthquake victims as well as offered medicine and other aid for those who were sick.***

*In total, 116 patients received medical care in the rural community of Cambry. And it's all thanks to generous donors like you. Your gifts helped provide the resources and supplies needed to treat people in desperate need.*

*"Please join us in thanking God for these medical servants who are so desperately needed," our partner said.*

Not only do we thank God for His provision, but we also thank YOU for helping families struggling to survive in Haiti and beyond. **Your generosity has given them physical help and spiritual hope in the midst of disaster.**

# FREEDOM FROM SLAVERY

*This year, Kingdom Partners continued to fight for the freedom of women and children affected by the sex industry in Thailand and India. You helped them escape a life of abuse, shame, and disease.*

Unfortunately, the coronavirus pandemic has only caused more problems for girls being forced into the sex industry. In Thailand, with the bars closed, the girls have no way to earn an income. This has made many of the girls homeless and unable to provide for their families back home in the rural communities.

But your constant support of the Freedom Homes in India and Thailand means these girls have other options outside of the sex industry. And your generous support of the Bang Na slum preschool means that little children can dream of a different life for themselves. You've also helped so many women, girls, and families throughout India and Thailand by providing food, a safe place to live, and so much more.

Thank you for helping introduce these women and children to freedom!

# GUATEMALA

*After the devastating hurricanes last year, many buildings in Guatemala were destroyed due to the storms. Hope of Life was no exception.*

But that's when Kingdom Partners came to the rescue. Because of your generosity, a new pipeline has been built to help funnel water for the entire community.

You also helped repair Kelly's House when it was damaged in the hurricanes. Now the residents there can remain safe and secure for years to come.

Thank you for helping to restore and rebuild these vital infrastructures in Guatemala.

“

*“Thanks to your help and the blessings you sent to us, the pipeline is reestablished, and we have water again for over 10,000 people.”*

Guatemala partner

# INDIA

*Hundreds of children in India are on the path to a brighter future thanks to your support of Gilgal Children's Home!*

This past year has been challenging for the children at Gilgal. A second wave of the pandemic hit India in the spring, and the country went back under lockdown. But Kingdom Partners never forgot about the needs of these children.

You always provided for children like Mody. When she couldn't attend regular school due to the pandemic, she still had access to online classes because of your support.

*"Through sponsorship, I am able to continue my education," Mody said. "I am very grateful for the new books and educational supplies."*

Your love and care for the children of Gilgal made this difficult year so much brighter.

# PROVIDING BIBLES AROUND THE WORLD

*You placed God's Word in the hands of so many people for the first time — from underground Christians to people who can't afford a Bible.*

You've even helped children hold a Bible for the first time. The story below is about Abi from Venezuela who learned about Jesus because of people like you.

*It all started when Abi came to the local community center run by World Help's partners to receive a nutritious meal.*

*She immediately felt loved and welcomed by the staff, so with her parents' permission, she began volunteering at the center. She spent much of her time helping with simple chores like straightening the chairs and organizing the silverware.*

*Each time she went, the staff would show her God's love and offer her the opportunity to ask questions about the Gospel. Eventually, Abi became a Christ-follower and received a Bible of her own.*

Thank you, again, for giving people around the world access to the transforming power of Scripture.

# SPONSORSHIP

*The continued effects of the pandemic have made it difficult for many children living in poverty. So your constant support has been a lifeline!  
In 2021, Kingdom Partners supported 147 children in 15 countries.*

Every child sponsored by Kingdom Partners receives regular access to healthy food, clean water, medical care, educational opportunities, and more. Some schools were closed part of the year, so your sponsorship ensured these boys and girls continued to keep learning and receiving everything they needed, not to mention experiencing the love of Jesus.

Your sponsorship is helping to lift children like Leivon out of poverty.

Before Leivon came to the children's home in India, he didn't have much hope for the future. His mother lost her battle with cancer, and his father passed away from alcoholism. Leivon's uncle tried to provide for him and his siblings, but he didn't earn enough money to care for them.

Thankfully, through sponsorship, Leivon escaped poverty. He now receives essentials like food, medical care, and an education. Leivon is so grateful for the love and support he is given every day.

“

*“I am happy that I have the chance  
to build my life up and a chance to  
achieve big dreams,”*

Leivon

# HELPING UNSPONSORED CHILDREN

---

*On top of supporting your own sponsored children, Kingdom Partners has also stood in the gap and helped children who were waiting for their permanent sponsors.*

---

You know how important sponsorship is. That's why you know every child should receive the daily essentials they need to survive and succeed.

Thank you for supporting children around the world who desperately need help.

Your generosity made sure these boys and girls received nutritious meals, medical care, and other life-changing necessities while they were waiting for sponsors.

---

Thank you for providing for unsponsored children around the globe.

---

# NEPAL

*The children at Grace Children's Home in Nepal also relied on Kingdom Partners during the second wave of the pandemic. Because of you and your help, these children were still able to receive the care they need.*

Long before the pandemic, Mamta's father left her family. Since her mother couldn't afford to take care of Mamta on her own, Mamta came to live at the children's home run by our partners.

Because of sponsorship, Mamta has been able to stay at the children's home where she has been receiving healthy meals and the best care possible. She's been enjoying her time despite the pandemic. She and her friends love riding their bikes, making crafts, cooking, and worshipping Jesus during their virtual worship services.

"God gives me many things to be happy and makes me smile even when life gets hard," Mamta said.

These boys and girls pray for you every day and never take for granted the beautiful home you have given them.

# UGANDA

*Kingdom Partners has always had a heart for Uganda and especially for this nation's children. Thank you for helping boys and girls through your support of children's homes and schools throughout the country.*

Even when the schools were closed due to lockdowns, you were there. Whatever the children needed, whether it was food or hygiene items, you helped meet their immediate needs no matter the circumstances.

You helped children like Dianah. She is 16 years old and attends the Kikooba school. Because of Kingdom Partners, Dianah has been able to continue going to school and receiving her education even when her family couldn't afford it. That has been the best present of all.

“

*“I thank you for the gifts.”*

Dianah,  
Kikooba school

Thank you for helping children throughout Uganda receive the help and hope they need to escape poverty.

# CLEAN WATER

*Clean water is one of the most life-changing gifts you can give to a person in need. And this year, Kingdom Partners provided another life-giving clean-water well.*

Thank you for helping mothers like Reina.

*As a struggling single mother, Reina barely made enough money to put food on the table and clothes on her children's backs. She certainly couldn't afford to buy drinking water. So she and the other women from her village in El Salvador would wake up early every morning and carry jugs for miles. But water was scarce ... and the only water they could find was from dirty streams.*

*Reina could see that the water they were drinking was dirty, but she had no idea how bad the situation was until some doctors came to town and tested the water. They also tested Reina and her daughters.*

*The results — all three of their bodies were filled with parasites.*

*Thankfully, Reina's family and their community now have a brand-new water tank and purification system. They can now collect clean water any time they need it!*

Water is life. So thank you for giving this life-giving gift to so many people in need.

# FUNDRAISING

*In 2021, Kingdom Partners made an incredible difference in the lives of hundreds of thousands of people around the world.*

While the last Night of Freedom event had to go virtual because of the pandemic, that didn't diminish your efforts. In fact, you helped 1,315 women and children trapped in cultural slavery in Thailand and India!

And it was so great to finally be back together in person at Kingdom Partners' Annual Golf Tournament & Auction, where you were able to raise enough funds to impact over 200,000 men, women and children with life-saving aid and supplies!

*This year, Kingdom Partners provided more than \$470,000 through fundraisers!*

**2021  
Golf Tournament**

**\$409,000**

**2020  
Night of Freedom**

**\$65,762**

# IMPACT

Christ commanded us to feed the hungry, clothe the naked, and take care of the widows — and that's exactly what Kingdom Partners has continued to do every year. World Help is forever grateful to have you as a partner in helping men, women, and children in need around the globe.

*Since 1999, you have contributed \$16,008,883. And in 2021 alone, you gave \$1,562,886, impacting 296,039 people's lives. God truly has His hand on you, and we can't wait to see how He works through you in the years to come.*
