

# HELP DISPLACED FAMILIES FROM UKRAINE

**S**ince Russia invaded Ukraine, people have been running for their lives. Throughout the country, families are scrambling to escape. Many had to leave with just the clothes on their backs, and they don't know how they'll survive the days ahead.

***But today, you can meet the immediate needs of displaced families from Ukraine and other high-conflict areas. For less than the cost of a dinner out, you can help provide a refugee with essentials like food, clothing, shelter, and more for an entire week.***

## THE NEED

Millions of people have been forced to leave Ukraine. It's the fastest-growing refugee crisis since World War II. And since Ukrainian men 18-60 years old are required to stay and fight, most of these refugees are women and children. They're homeless, jobless, and struggling to survive.

Many families had to flee with just the clothes on their backs either because they didn't have time to pack a bag when the bombs began falling or because there was no room for luggage on the overly packed trains out of Ukraine's cities. They have nothing left, and wherever they end up, they'll have to start from scratch. Food, shelter, and clothing are the greatest needs – needs that you can help meet.

***World Help has partners located inside Ukraine and along its borders ready to distribute the lifesaving aid that you help provide.***

**\$35** PROVIDES 1 PERSON

WITH A WEEK'S WORTH OF SUPPLIES

## HOW YOU CAN HELP

***Every \$35 you give provides a week's worth of essentials to a refugee in Ukraine or another high-conflict area.***

You will help meet someone's most urgent physical needs and show them the love of Christ. Your gift may even be the difference between life and death by providing essentials like:

### SHELTER

With so many people heading for the border, most Ukrainians can't get out of the country overnight. They need somewhere safe to sleep on the road, both within Ukraine and bordering countries like Poland.

Your support helps our partners operate refugee centers where people can temporarily stay and receive help transitioning to more permanent housing or planning the next leg of their journey.

### CLOTHING

Many refugees didn't have time to pack a bag when the bombs started falling. Their only goal was to get to safety, so they left with just the clothes on their backs and had to travel for days without changing.

Your gifts help support clothing banks for refugees so they can receive essentials like socks, shoes, coats, underwear, and other clothes.

### FOOD

Food is one of the most urgent needs for refugees. Many grocery stores in Ukraine are either closed or can't keep their shelves stocked. The violence has also cut off supply chains, and most refugees struggle to afford what little food is available since they're no longer working.

Your generosity helps ensure that Ukrainian refugees and their children don't have to go to bed hungry.

**And more!**

**Give today and help  
refugee families survive.**
