

YOU MADE YOUR SPONSORED CHILD'S BIRTHDAY EXTRA SPECIAL

Thank you for helping your sponsored child celebrate their big day!

Your support not only provides them with essentials like food, basic medical care, and educational opportunities ... but you also help make birthday celebrations possible. Because of your generosity, your sponsored child had a fantastic time celebrating their birthday with friends!

Every month, the kids come together to sing, dance, and have birthday cake. During their birthday month, every child – including yours – gets to wear a birthday hat and even receives a special gift. It's always an unforgettable day for everyone!

Although we couldn't interview every boy and girl in the program, here are a few short testimonies to give you an idea of how much these birthday celebrations mean to your child.

AKISSA: "I LOVE THE BIRTHDAY PARTY"

Since Akissa's family can't always afford to buy cake and gifts for special occasions, Akissa was very excited to celebrate her birthday this year. She loved every second of the birthday party, especially the delicious cake!

"I love the birthday party," she said. "It is fun, and I love eating cake."

Most of all, Akissa appreciated how the celebration made every birthday child feel extra special and loved.

The boys and girls in the Burundi sponsorship program always look forward to their monthly birthday parties.

Thanks to incredible sponsors like you, Akissa and the other children had lots of fun eating cake and opening their gifts. Akissa and her friends will undoubtedly remember this celebration for years to come!

NEEMA: “I DANCED AND SANG ON THE STAGE”

Little Neema loves parties. But unfortunately, since her family lives in poverty, she rarely gets the chance to have birthday celebrations. That’s why she took every opportunity to express her joy at the party! It meant so much to know that she is truly loved and valued ... and that her sponsor made it possible.

“I had so much fun at the birthday celebration. I danced and sang on the stage,” Neema said. “We had cake and also received a present. Thank you.”

She loved joining in the festivities and had a ton of fun celebrating with her friends.

No matter what month they were born, your sponsored child enjoyed an exciting and memorable birthday party just like Akissa and Neema did. Things like birthday presents and sweet treats are often considered luxuries for children living in poverty, but thanks to you, your sponsored child had cake, presents, and more. It was a powerful reminder of how much they are loved, both by you and by God!

THANK YOU!
