

# NORTH KOREAN CHRISTIANS NEED YOUR HELP!

*Underground believers  
are begging for **FOOD** ...*

*... and they're  
desperate for **BIBLES**!*

- North Korea continues to experience one of the nation's **worst droughts** in four decades

- Border lockdowns during the pandemic cut off **80% of North Korea's food** and other resources from China — and they're just now beginning to resume trade

- Kim Jong Un even admitted the severity of North Korea's food crisis, comparing it to a famine in the 1990s that killed **at least 200,000 people**

- North Korean families are starving, and many are eating just **1 meal per day**

- Being a Christian in North Korea can mean a **life sentence in prison**

- An estimated **70,000 Christians** are locked up in labor camps

- The life expectancy for believers in one of these political prisons is just **3 years**

- Still, the underground church has grown to over **400,000 believers**, and there aren't enough Bibles to keep up!
