

YOU GAVE BIBLES TO PEOPLE AROUND THE GLOBE

Thank you for providing Bibles and spreading God's Word to people worldwide!

Christians living in places like South Asia, Iran, and China often don't have access to Bibles because of barriers like persecution or poverty. Some Christ-followers have never even held a Bible, much less owned one. And many other people are still living without the knowledge that Jesus came to save them.

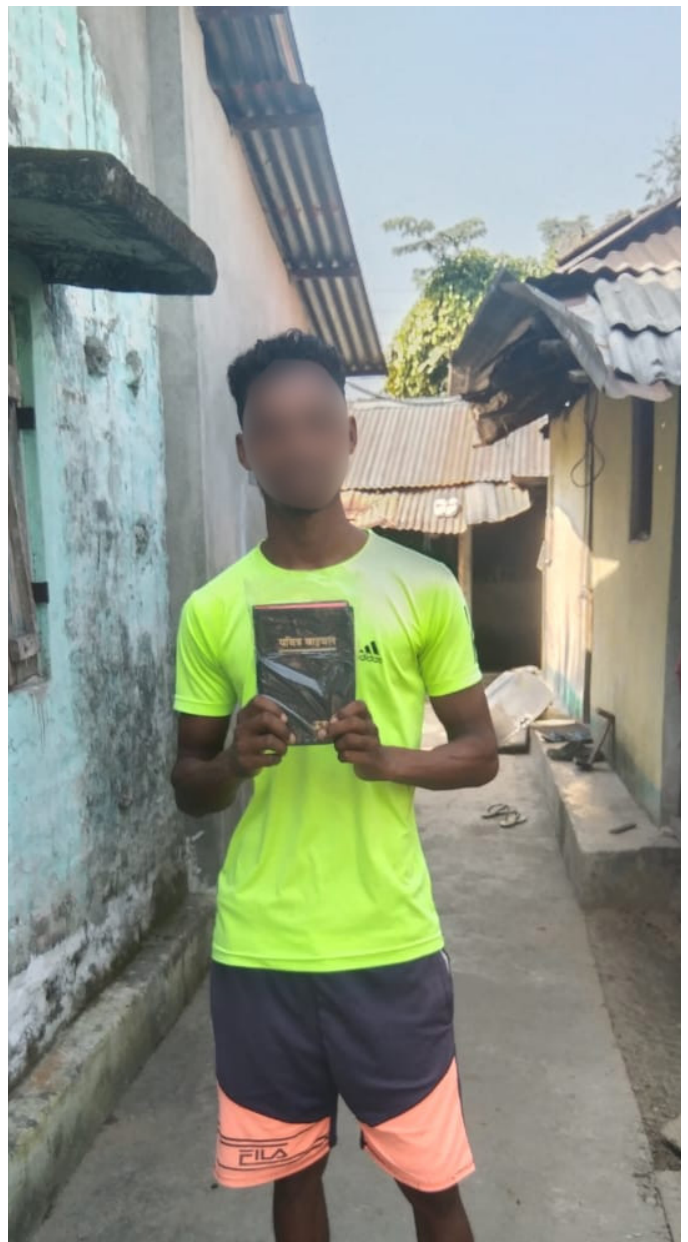

But your gift this past Christmas helped provide Bibles to men, women, and children around the world. Now, Christians have the comfort of God's Word, and more people are hearing about Jesus for the first time!

Here are two testimonies to give you a glimpse at the impact of your gift:

SURAJ: A TRANSFORMED LIFE

Suraj, whose name we've changed for his safety, lives in a small village in South Asia. He works as a mechanic to provide for his family, but for a long time, his battle with alcoholism prevented him from earning much money. As a result, Suraj and his family struggled to make ends meet.

When Suraj first heard about the Gospel, he wasn't interested. But after our partner spent time in prayer with him, he became eager to know more about Jesus Christ.

Your gift of Bibles this past Christmas transformed lives by introducing people to the Gospel and giving them the hope of God's Word!

“His big change was a surprise for the neighbors and his own people,” our partner said. “He was very much longing to know more about Christ.”

Even though Suraj was anxious to learn more about Jesus, he didn't have a Bible he could read and study. Thankfully, your gift arrived at just the right time! **Because of generous supporters like you, Suraj received his very own Bible. Now, he regularly reads God's Word and plans to start a Bible study group at his house.**

Knowing God transformed Suraj inside and out! He's even recommitted himself to his work so that he can honor the Lord by providing for his family.

This transformation wouldn't have been possible without world changers like you equipping Suraj with God's Word. Thank you for your incredible impact!

ERCILIA: PHYSICAL AND SPIRITUAL HEALING

Ercilia and her husband live in an impoverished area of Honduras. They struggle to afford essential items like medical supplies, so they recently traveled to our partner's free medical clinic to receive a check-up and some medicine.

While they were there, our partners shared the Gospel with them, and both Ercilia and her husband immediately decided to accept Jesus as their Savior!

Due to their financial circumstances, they likely wouldn't have been able to afford a Bible on their own – plus, the text in most Bibles is too small for Ercilia to read. But the very next day, they received a large-print Bible thanks to a generous gift like yours!

Now, Ercilia and her husband can read God's Word together and continue growing in their newfound faith. Thank you for helping place Bibles into the hands of people like Ercilia and her husband. Because of people like you, they can now learn more about the eternal hope found in Jesus Christ!

Your gift of God's Word completely transformed lives

like Suraj's and Ercilia's. Once again, thank you for impacting God's Kingdom during the holiday season!
