

YOU PROVIDED BICYCLES AROUND THE GLOBE

Thank you for providing bicycles to pastors and other people in need of transportation during the Christmas season!

Without reliable transportation, getting to places like school, work, the market, or a clinic takes almost twice as long. Someone's job opportunities are limited to only the places they can walk to, making it more difficult to break out of poverty. Pastors without a means of transportation also struggle to spread the Gospel beyond their immediate communities.

But you helped make sure people worldwide received a bicycle so they could complete these day-to-day tasks!

Here is a testimony from a pastor in Tanzania to give you a glimpse at the impact you made:

JAMES: ANSWERING A PASTOR'S PRAYER

Did you know that Tanzania is one of the poorest nations in the world?

It's a daily struggle for families to put food on the table, and being able to afford a car, bicycle, or even bus fare is often a luxury beyond their reach — especially for people living in the most remote areas.

Without a method of travel, people take whatever jobs they can find within walking distance. But pastors like James are often called further away from home.

Our partner's church was established in 2004 as a

Bicycles can be a tremendous answer to prayer for someone with no other means of transportation!

small weekly assembly. Every Sunday, church members gathered under a large tree for fellowship. But as time passed, the Gospel slowly began to spread from this village into neighboring communities, where additional churches were established.

James is a pastor serving one of these communities. Many people he encountered were eager to learn more about the Lord, so James and other church leaders regularly made long treks to meet with people, organize and attend important meetings, and share the Gospel.

James had a full schedule of people asking to meet with him, but it was difficult to always make it on time since he had to go everywhere on foot.

To James, it seemed like he spent more time walking from place to place than sharing the Gospel ... but he continued to follow the Lord faithfully.

Each day, he asked God where to go next. He prayed for transportation so he could do his part to share the Gospel with every tribe, nation, and tongue.

And thanks to the generosity of world changers like you, his prayer was answered. James and 45 other pastors each received a brand-new bicycle because of your gifts!

Now, James can easily travel to reach the people and communities he serves. But that's not even the best part!

James can now visit new villages beyond walking distance that have never heard the Gospel before. In fact, new churches have been planted near James' community since he and other pastors received the bicycles.

“The bicycle has largely assisted my call as a servant,” James said. “I can easily visit and organize prayer meetings. I have increased the number of new members. We really thank God and the donors for this miracle.”

Thank you again for providing such an incredible gift this past holiday season. You are making an eternal impact by helping people like James in Tanzania and beyond.

THANK YOU!
