Employee HIGHLIGHTS

Get to Know Thomas Segroves

Thomas is our new IT Manager in the Humanitarian Aid Department. True to his title, he loves all things technology-related! But don't be fooled – he also has a creative side. He enjoys making music and has been playing piano since he was 4. Thomas also has a passion for writing and hopes to publish a book one day ... if he can settle on an idea. And did you know? He's an expert in military history, especially aviation. He can identify most military aircraft models by silhouette alone!

When asked to name the weirdest thing in his fridge, Thomas responded, "I almost shut my cat in the fridge this morning, so her." Cats can be sneaky, so we're thankful for your sharp eyes, Thomas!
