

You can help
EMPOWER
an entire community

Is your church looking for a practical, hands-on way to experience global missions, meet the urgent needs of families living in poverty, and share the Gospel worldwide? Through Community Transformation, you can do all that and more!

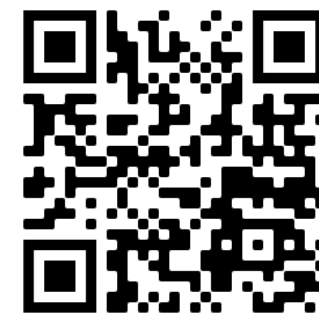

When you commit to transforming a community, your church will unite behind the common goal of making sure every member of that community feels the love of Jesus ... and it starts with the children.

Children are the future, so the best way your church can ensure your community has a better, brighter future tomorrow is by investing in its children today. Together, your church will help these boys and girls discover their God-given potential by providing them with essentials like nutritious food, clean water, medical care, and educational opportunities.

Your church will also have the opportunity to visit your community to meet these children and their families, forming relationships that will last a lifetime. Plus, you'll be able to share the Gospel and help out with special projects that will benefit the entire community!

How COMMUNITY TRANSFORMATION Works

1

CHOOSING A COMMUNITY

Your journey of transforming lives both in your church and around the world begins with choosing the community where you will get involved. You will work alongside World Help staff to choose a place that urgently needs your help and that is a perfect fit for your church. **You can connect with a community in countries like:**

- 📍 Belize
- 📍 Burundi
- 📍 Guatemala
- 📍 Honduras
- 📍 India
- 📍 Jordan
- 📍 Nepal
- 📍 Peru
- 📍 The Philippines
- 📍 Thailand
- 📍 Uganda
- 📍 Ukraine

INVESTING IN THE NEXT GENERATION

Ignite a spiritual revival in your chosen community by inviting the little children and, by extension, their families to come to Jesus.

Individuals and families in your church will have the opportunity to choose a specific child they want to come alongside and support both physically and spiritually. Their \$40 monthly financial gift for that child will provide critical essentials like:

- NUTRITIOUS FOOD
- CLOTHING
- EDUCATIONAL OPPORTUNITIES
- CLEAN WATER
- MEDICAL CARE
- Most importantly, each child will have a chance to hear the Gospel and receive spiritual discipleship from Christian mentors and teachers.

Unite Your Church

Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these."

— Matthew 19:14

But your investment in the spiritual lives of these children doesn't end there! You'll also have the chance to write them letters, sharing your favorite Bible verses and telling them how you are specifically praying for them.

Over time, you'll form relationships with the children and their families that will last for years to come ... not to mention, impact them for eternity.

“

My advice to anyone considering child sponsorship would be to do it! It is one of the most powerful ways of being the hands and feet of Jesus that I have ever experienced. The ripple effects of touching a child's life will only be fully known in eternity.

”

— Mayda Tress, Christ Fellowship Church

You'll witness God's hand at work on the front lines of the mission field and deepen the relationships that already exist between your church members and the families in the community.

Trips and additional projects are a perfect way to get your entire church involved, including those who can't commit to a monthly child sponsorship.

- Leading Vacation Bible School
- Helping at a medical clinic
- Distributing food bags
- Participating in a church service
- Assisting with construction or painting
- Serving at a feeding center

Plus, when you return home and share all you've experienced with the rest of your church, you can also raise funds for **special projects** such as:

- Building homes for families in the community
- Shipping lifesaving supplies to the area
- Improving local school facilities
- Constructing church buildings
- Providing clean-water wells
- And more*

**Special projects vary by country and will be determined by the individual needs of your particular community.*
