## Get to Know Donny Hilty

Donny recently joined the team as a Staff Accountant in our Finance & Accounting Department. When he's not crunching the numbers, Donny enjoys playing pickleball, fishing, and traveling. In fact, Donny became a world traveler at a young age when he was adopted from Haiti!

When asked if he would rather be able to speak all languages or talk to animals, Donny picked the former. Ever pragmatic, he knows being fluent in every language will help him in his travels. Regarding communication with animals, this is Donny's take: "Quite frankly, I am not entirely sure I would want to talk to any animal other than dogs. Does speaking with animals mean having intellectual conversations? If so, that's kind of creepy."
