

## YOU HELPED DISTRIBUTE BIBLES AROUND THE GLOBE

Thank you for giving during the ONE Women's Conference at Bear Creek to help spread the Gospel to all corners of the earth! Because of your generosity, you reached the goal of raising \$3,000 to provide 300 Bibles to people in need worldwide.

Since Bibles are often shared with friends and family, each copy impacts up to five people. That means that your gift will impact up to 1,500 lives! One of the Bibles you provided might go to a persecuted believer in North Korea, a new Christian in Iran, someone in Cuba who can't afford to buy their own copy, or even a pastor in South Asia. The possibilities are endless!

Here's a glimpse at the impact your gift made:

### CHAO: A STUDENT OF GOD'S WORD

China is one of the most dangerous countries on earth to follow Christ. People like Chao\* must meet in secret to worship and learn about God. But thanks to your generosity, persecuted Christians like her now have access to God's Word.

**Chao is a Bible student in the Chinese underground church. Her classmates regularly meet in a mountain cave to study God's Word together ... but there was one problem. The teachers didn't have enough Bibles to give students like Chao their own copies.**

They prayed for over a year that God would provide

*Your gift of Bibles transformed lives by introducing people to the Gospel and giving them the hope of God's Word!*

them with more copies of the Scripture. And God answered their prayers through generous people like you!

**Because of your support, Chao and her classmates all received their own Bibles.** Now, they can continue to grow in their faith and share the Good News with others.

Chao is already hard at work spreading the Gospel. When she went home to visit her family, she brought her Bible and shared the Gospel with many of her friends and family members. Four of them even decided to dedicate their lives to Christ!

## SAANVI: A LIGHT IN HER COMMUNITY

Without your generosity, there are people around the world who may have never heard the name of Jesus or had a chance to read God's Word. The gift you gave at the ONE Women's Conference helped introduce Saanvi\* to the Gospel.

Saanvi lives in a rural South Asian community where she is one of the only women in her village to attend high school. She was also one of the first to decide to follow Christ in an area where Christians are usually persecuted.

**When our partner visited Saanvi's village to share the Gospel, she was the only one who wanted to learn more.** After they left, she borrowed a cell phone every day to call the team with more questions about the Lord.

**The next time our partner returned to Saanvi's village in person, they brought a special gift for her. Because of people like you, she received her very own Bible!**

Now, she studies the Bible regularly and shares the Gospel with her family, friends, and neighbors. Some have even come to Christ – including Saanvi's father.

*\*Names changed for privacy*

## THANK YOU

**for providing people like Chao and Saanvi with copies of Scripture. Because of you, countless men, women, and children will know the name of Jesus ... and have hope for eternal life.**
