

## JORDAN AT A GLANCE:

*Population:* 11.2 million

*Religion:* Islam, Christianity

*Official language:* Arabic

*People living in poverty:* 16%

## The Need

Since 2011, more than 1.4 million Syrian refugees have settled in the neighboring nation of Jordan to escape the civil war that continues to rage in their home country. Unfortunately, Jordan has struggled to accommodate this influx of people, especially in their school systems. It is estimated that over 75% of Syrian refugee children drop out before reaching high school, leading some people to refer to them as the lost generation. Without an education, they have few options for the future and no way to escape from poverty.

## How You Can Help

To help meet this need, World Help's in-country partner has established a church outreach ministry where children from poor or refugee families can learn basic subjects like math, science, English, and Arabic. They have also established schools in two nearby refugee camps. However, these children need sponsors to cover the cost of their education and other essentials.

By supporting these children, your church will provide them with the ability to learn, grow, and achieve their dreams. You can make sure they aren't the forgotten generation after all. These boys and girls will not only receive educational opportunities but also trauma counseling, medical care, and other critical aid for their families. Most importantly, your support ensures that they are shown God's compassionate love.

## Additional Ways To Get Involved

If you choose to travel to Jordan, you will also be able to minister to many of these children and their families in some of the suggested ministry activities below. Plus, you can give financially to other special projects that will help improve the entire community.

### Ministry Activities:

VBS Ministry  
Medical Clinics  
Food Bag Distribution  
Attending Church and/or Preaching  
Pastor/Leader Training

### Special Project Opportunities:

Refugee Relief  
Medical Center Support  
Food Bags
