

# MONTHLY PRAYER GUIDE

AUGUST  
2024

This month, please join the World Help family in praying over children who don't have the opportunity to go to school.

WEEK 1

August  
4 - 10

## PRAY FOR PARENTS WHO STRUGGLE TO AFFORD THEIR CHILDREN'S SCHOOL FEES

Education is a luxury for children living in developing nations around the world. Parents often can't afford the tuition fees, uniforms, and other supplies their children need to attend school. Even if they can pay these expenses, boys and girls are often forced to drop out early to work and help support their families. *Please pray for the Holy Spirit to pave the way for these kids to stay in school and complete their education.*

WEEK 2

August  
11 - 17

## PRAY FOR REFUGEE AND DISPLACED CHILDREN NOT ENROLLED IN SCHOOL

With their lives uprooted by war and natural disasters, many children worldwide are no longer going to school. For example, 6 out of 10 Ukrainian refugee children are not enrolled in any classes. South Sudanese refugees struggle to receive an education due to overcrowding in Ugandan schools. Venezuelan children who fled to Colombia get often involved in gang activity instead of returning to the classroom. *Please pray for more educational opportunities for displaced children.*

WEEK 3

August  
18 - 24

## PRAY FOR COMMUNITIES THAT DON'T HAVE A SCHOOL FOR THEIR CHILDREN

In some countries, distance can be a huge barrier that prevents children from going to school. Many boys and girls living in places like the hills of Peru or the mountains in Nepal are miles away from the closest school. If the closest school is outside walking distance, they can't go. Even if the school provides transportation, parents often can't pay the fees to have their children picked up and dropped off. *Please pray for more schools to open in remote communities around the globe.*

WEEK 4

August  
25 - 31

## PRAY FOR CHILDREN TO HAVE CLEAN WATER SO THEY CAN ATTEND SCHOOL

Access to clean water is an essential part of life – and living without it can be a barrier to education. If the nearest water source is far away from their homes, children often need to help gather water for their families. And even if they have access to water, it might not be clean. Children living in poverty frequently contract waterborne illnesses that make them too sick to go to school. *Please pray for God to provide clean water to communities in need.*
