

## YOU WERE A LIFELINE FOR PERSECUTED CHRIST- FOLLOWERS WORLDWIDE!

Thank you for providing life-changing help and hope to persecuted Christ-followers around the world.

In countries like North Korea, Nigeria, and India, following Jesus comes with great risk. Most Christ-followers living in these areas must hide their faith to avoid imprisonment, abuse, or even death. Many persecuted Christ-followers also battle hunger and poverty, often without the comfort of God's Word. But your support was an incredible answer to their prayers ... and a precious reminder that they're not alone.

Here are two testimonies to give a glimpse at the impact of your life-changing gift:

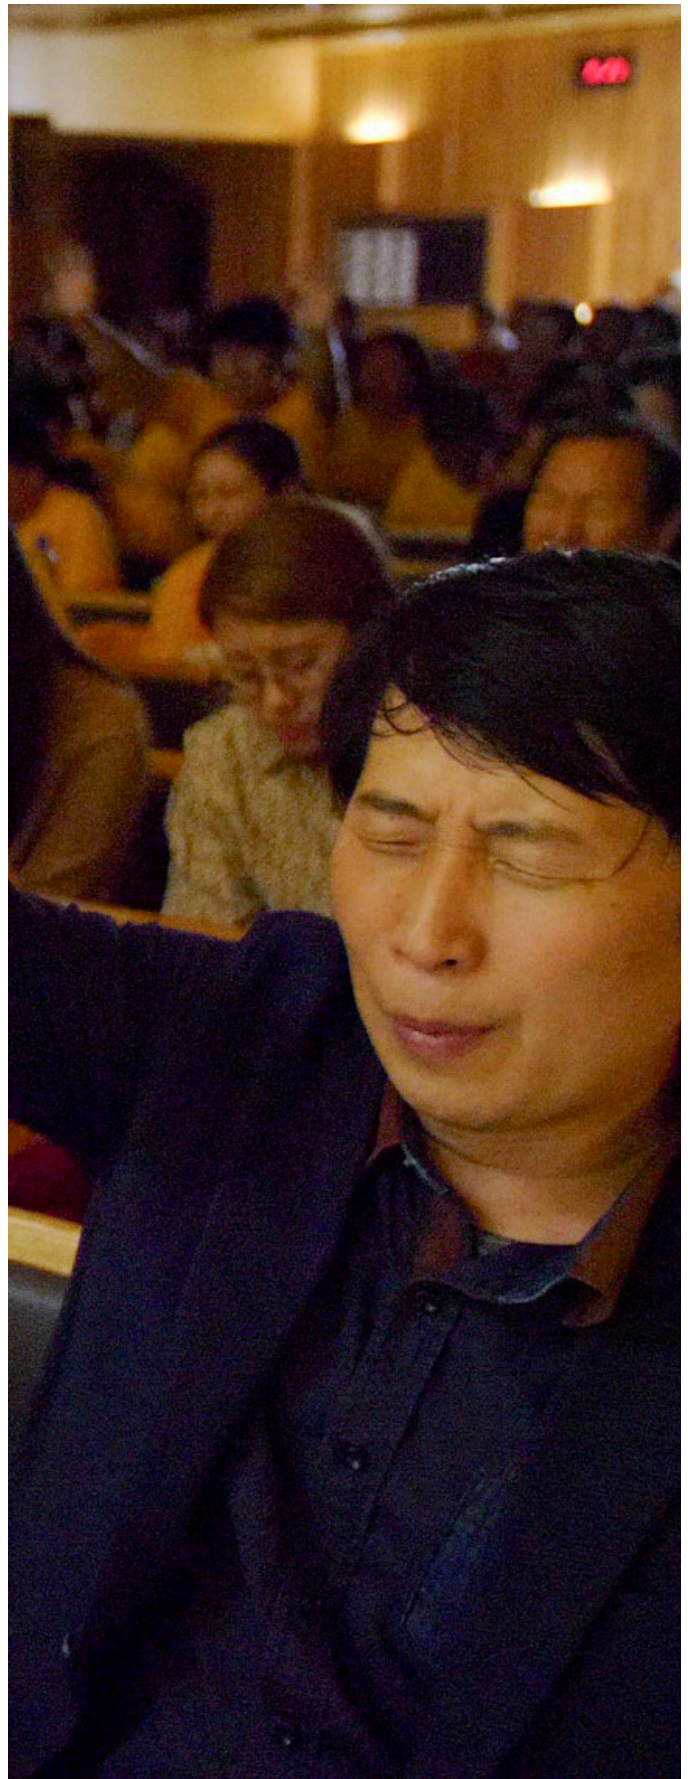

### JIHUN: NEVER ALONE

In North Korea, following Jesus is a severe crime punishable by imprisonment or death. Jihun's\* parents, who were Christ-followers, knew they could be arrested at any time – even though they were extremely careful.

**Tragically, Jihun's parents' fears came true, and their faith was discovered. The authorities took them away, leaving Jihun and his siblings to survive on their own.** As a result of their parents' faith, their house was placed under government surveillance. **Jihun and his siblings had no way to get food, and they began to starve.**

But you were there to help at just the right time.

**Because of generous supporters like you, Jihun and his siblings received lifesaving rice that you helped**

*You provided persecuted Christ-followers like Jihun and Roshni with help for today and hope for tomorrow!*

**provide to the North Korean underground church!**  
Your gift was a lifeline and a reminder for Jihun and his siblings that they're never alone.

Thank you for demonstrating God's love and provision to people facing persecution like Jihun and his siblings. In a dark and hopeless time, you were a light that reminded them they haven't been forgotten.

## ROSHNI: A BRIGHT FUTURE

**When Hindu extremists attacked Roshni's\* Christian community in Manipur, India, she almost lost her life.** She barely managed to escape as her entire village burned to the ground.

Suddenly displaced from their home, Roshni and her family had nothing. They were plunged into debilitating poverty, which meant Roshni struggled to continue her education. Her family could hardly afford food, let alone textbooks and a school uniform.

**But thanks to your giving, Roshni and other displaced children from Manipur received the supplies they needed for school, including new uniforms and textbooks!** Now, Roshni can continue her education and has hope for a better future.

"The children are overjoyed to receive help and provisions during these difficult times," our partner said. "They now attend school every day with complete books and uniforms."

Thank you for showing persecuted Christ-followers like Roshni and her family that you stand with them. You provided life-changing help and hope to Jihun, Roshni, and other persecuted Christ-followers around the world when they needed it most and made an eternal impact.

## THANK YOU!

*\*Names changed for safety.*
