

THANK YOU FOR SPONSORING A CHILD IN THE PHILIPPINES!

Because of your support, your sponsored child in the Philippines has the resources they need to pursue their dreams!

As a sponsor, you make sure your sponsored child has essentials like nutritious food, clean water, and educational opportunities. But your support doesn't just provide them help for today – it also gives them hope for tomorrow.

That's because your dedication as a sponsor helps your sponsored child reach their goals.

When you give them the support and tools they need, you help them escape poverty and experience the love of Jesus. In other words, you transform your sponsored child's life forever!

We couldn't interview every child in the program, but here are two testimonies from recent graduates to give you an example of the impact you're making in your sponsored child's life:

NICOLE: CHASING HER DREAMS

Nicole has dreamed of becoming a teacher ever since she was little. Sadly, her family lived in poverty and struggled to send her to school. Without an education, Nicole knew she would never be able to reach her goal.

Then, her family discovered child sponsorship through a local children's program. **Through the support of her sponsor, Nicole recently graduated high school and**

Nicole achieved her dream of becoming a teacher thanks to dedicated sponsors like you!

went to university. **Best of all, she also learned how much Jesus loves her!**

Now, Nicole is on track to getting her bachelor's degree in special education. She works as a student teacher at the local school, where she gives her students the same love and support she received from her sponsor.

"I encountered a lot of challenges that almost made me quit this course such as financial constraints," Nicole said. **"Fortunately, God constantly reminded me how He chose to change my life from the very beginning."**

This wouldn't have been possible without incredible sponsors like you! Because of your dedication, your sponsored child also has the opportunity to pursue their dreams and transform lives!

ARBIN: THANKFUL AND BLESSED

Growing up as part of an impoverished family meant Arbin often missed out on important opportunities during his childhood. He was a very intelligent boy, but his parents could hardly afford to send him to school.

Arbin had big dreams of going to college someday, but it seemed impossible ... until an incredible sponsor like you stepped in!

Arbin's family enrolled him in the sponsorship program through the local outreach center. He received educational assistance and other resources to help him work his way through school.

Thanks to the dedication of his sponsor, Arbin also attended college after he graduated. He recently received his degree in mechanical engineering!

"There's no exact word to express how thankful and blessed I am as a mother to have my son as part of the program," Arbin's mother said.

Nicole and Arbin's journeys are just two examples of the incredible difference sponsorship makes. Through your ongoing support, you're providing your sponsored child with the resources they need to achieve their own dreams.

Thank you for making an eternal impact as a sponsor!
