

THANK YOU FOR FEEDING A STARVING CHILD!

Your gift fed hungry children around the world.

When famine, natural disasters, or economic crises come with skyrocketing prices and food shortages, it's often children who suffer the most. This year, many boys and girls worldwide didn't have enough food to eat. Families couldn't afford the essentials they needed to survive, which means children were at risk of starving to death.

Thankfully, your gift arrived at just the right time to provide nutritious food to the children who needed it most. Thanks to your generous support, boys and girls living in impoverished or war-torn countries no longer have to wonder when their next meal will come. Your support was a lifeline!

Here are two testimonies to give you a glimpse at your incredible impact:

LANDRY: "WE ARE ALWAYS HAPPY"

Landry and his family were left severely impoverished when Landry's father died suddenly. They live in rural Burundi, where work opportunities are scarce. Landry's mother eventually found a job as a farmer, but she earned just one dollar daily for her efforts. It wasn't enough to feed her children.

Although Landry's mom tried her best to care for their family, he often still went to bed hungry. Without enough food, Landry and the rest of his siblings were facing starvation.

But that's when world changers like you stepped in to help! Thanks to gifts like yours, Landry and his

Your gift helped starving children like Landry right when they needed it most.

siblings connected with our partner's feeding program, where they can go to receive nutrient-fortified porridge. Now, Landry doesn't have to go to bed hungry and knows where his next meal will come from. And that's not all!

Every time Landry and his siblings receive their porridge, they also have the opportunity to play games with their friends and hear about the love of Jesus!

"We are always happy when it's time to come get our cup of porridge," Landry said.

Because of your generosity, Landry and his siblings don't have to go hungry anymore. Thank you for giving children like them hope for the future!

NANCIE: A LIGHT IN THE DARKNESS

Nancie is just 10 years old, but she barely knew what it was like to not feel hungry before your gift arrived. She lives in Haiti, and the country's ongoing humanitarian crisis has trapped families like hers in poverty.

Her mother struggles to find work, and even when she can, her single income isn't enough to feed five children. **As a result, Nancie and her four siblings never had enough food to eat.** Soon, she became malnourished.

Thankfully, supporters like you sent lifesaving food just in time! Because of you, Nancie and her siblings received nutritious rice to eat. This food provided Nancie with the vitamins and nutrients she needed to grow strong and thrive.

Now, Nancie is well-fed and healthy. Her family no longer worries about how they will afford food – the rice they received from supporters like you will keep them healthy and satisfied.

Because of your support, children like Landry and Nancie no longer face the threat of starvation. Thank you for providing them with nutritious food to help them survive. You made a lasting impact!

Thank you for rescuing children like Nancie from the brink of starvation!
