

YOU HELPED TRANSFORM LIVES AROUND THE GLOBE!

Thank you for being a lifeline for men, women, and children living in poverty.

You were there to help meet some of the most urgent needs around the globe. Because of you, people now have essentials like food, clothing, access to medical care, and God's Word. For many people worldwide, your gift arrived just in time and helped provide exactly what they needed. It was a lifeline and a blessing that allowed them to experience the love of Christ firsthand.

Your generosity made an impact that will outlive you and last for eternity.

Here are two testimonies to give you an inside look at the lives you helped transform:

PASTOR WILSON: A DIVINE GIFT

Pastor Wilson and his wife have watched their loved ones struggle to survive without clean water for the last 20 years.

During the summer months, the only water source available to this small Peruvian community is the Amazon River. Everything else dries up in the intense heat.

In the winter, the lowlands fill with water ... but because it has nowhere to go, it becomes stagnant. Rotten leaves, branches, and vines from the dense vegetation of the rainforest contaminate the water.

For decades, the only choice Pastor Wilson and his neighbors had was to drink the contaminated water

Thank you for providing emergency supplies like food, clean water, and God's Word to people in need worldwide!

– despite the risk of falling ill with deadly diseases. Just as he was losing hope, world changers like you provided Pastor Wilson’s community with clean water!

“Thank [you] for this gesture, blessing, surprise, and divine gift of giving us clean, treated, and safe water for our families, our children, and pregnant mothers in our community,” Pastor Wilson said.

Your giving has made a tremendous impact in Peru and other impoverished countries worldwide.

BIBI: A GIRL WITH A DREAM

After the Taliban’s takeover of Afghanistan a few years ago, girls like Bibi* stopped dreaming about their futures.

Women can no longer attend school past sixth grade or work in industries like civil engineering, agriculture, journalism, and more. Girls aren’t allowed to leave their homes without a chaperone, and they aren’t welcome in public spaces like parks or gyms.

Now living in a camp for internally displaced Afghans, Bibi resigned herself to a life of boredom ... and hunger. With no way to provide for herself or her family, Bibi and her loved ones were starving.

Thankfully, supporters like you stepped in to provide Bibi with emergency food and the priceless opportunity to attend a tailoring program! Through your generosity, Bibi has regained hope for her future and has big dreams of becoming a successful tailor.

“Before, I stayed at home all day and had no hobbies. Life was getting boring for me. Now, I come to the tailoring center and eagerly learn dressmaking. I hope to become an expert, make an income to support my family, and become a known tailor,” Bibi said.

Thank you for providing help and hope to people like Bibi around the globe. You are truly a world changer!
