

UKRAINE AT A GLANCE:

Population: 43.3 million

Religion: Christianity

Official language: Ukrainian

Refugee/Displaced Population: 10 million

The Need

Since Russia invaded Ukraine in 2022, the country has faced immense challenges. The conflict has caused widespread displacement, forcing millions to flee their homes in search of safety. The humanitarian crisis is also exacerbated by economic struggles and political instability. Displaced individuals urgently need food, shelter, medical care, and psychological support to cope with the trauma of war. International aid remains critical in helping Ukraine address these urgent needs and in rebuilding communities affected by the war.

How You Can Help

World Help's in-country partner is leading significant humanitarian efforts to support those affected by the conflict. At their WeCare Centers, displaced people receive food, clothing, trauma counseling, and spiritual care. Additionally, child sponsorship programs are now available in Ukraine. This will provide vulnerable children with the resources they need to rebuild their lives and pursue brighter futures.

By becoming a sponsor, you will help provide essentials like food, education, and medical care to boys and girls in need. Most importantly, you will offer these children hope and empower them to become leaders who can help rebuild their communities through the compassionate love of Jesus Christ.

Additional Ways To Get Involved

If you choose to travel to Ukraine, you can minister to displaced families and children through activities like the ones listed below. Additionally, your financial support for special projects will help restore entire communities.

Ministry Activities:

VBS Ministry
Aid Distribution
Refugee Ministry
Attending Church and/or Preaching

Special Project Opportunities:

Refugee Relief
Container Shipments
WeCare Center Support

GUIDESTAR
