

# WorldHelp® PRAYER GUIDE

Join the World Help family in praying over starving children who don't have access to nutritious food.

## WEEK 1

### **PRAY FOR CHILDREN WHOSE FAMILIES CAN'T AFFORD FOOD**

Countless families around the world are trapped in poverty. They struggle to afford food and other essentials for their children. Despite their parents' best efforts, many boys and girls often go to bed with empty stomachs. Without help, they will likely continue in this cycle of poverty. *Pray that God will provide these families with food and resources to break the cycle.*

## WEEK 2

### **PRAY FOR BOYS AND GIRLS FACING ONGOING FOOD SHORTAGES**

Crises like wars and natural disasters are destructive on their own, but they often produce long-term food shortages. In these situations, it's almost always the children who suffer the most. Families are torn apart, while others are plunged into severe poverty. As a result, many children also become victims of starvation. *Pray for God's healing and provision for children facing crises.*

## WEEK 3

### **PRAY FOR CHILDREN SUFFERING FROM MALNUTRITION**

When a child goes hungry, malnutrition wreaks havoc on their health. Chronic nutrient deficiencies can lead to mental decline. Malnutrition also causes the child to become more prone to illness. Eventually, their bones and muscles begin to deteriorate. Prolonged starvation also increases the risk of organ failure and even death if untreated. *Pray these children will get the nutritious food they need to grow healthy and strong.*

## WEEK 4

### PRAY FOR CHILDREN WORKING TO FEED THEMSELVES AND THEIR FAMILIES

Many children already suffering from hunger must drop out of school and work to feed themselves and their families. In places like Afghanistan, they often earn less than \$1 a day for hard manual labor. They have no choice – their families would likely starve without the added income. *Please pray that God will provide working children with a way out of hunger and poverty.*

**Provide food to  
a starving child today.**
