

# YOU SHIPPED LIFESAVING SUPPLIES TO PEOPLE IN NEED!

Thank you for shipping essentials like food, clothing, medical supplies, and more to people who needed them most!

Every day is a fight for survival for people living in poverty, war, or the aftermath of a disaster. And as high prices and shortages continue to affect many parts of the world, many men, women, and children are going without essentials.

But you helped provide them with lifesaving supplies, transforming their lives!

Here are two testimonies to give you a glimpse at the impact of your life-changing gift:

## RUBY: “THANK YOU SO MUCH FOR CARING”

When Ruby left Colombia and immigrated to Peru, she hoped for a better life. Instead, her family was plunged into poverty. To make matters worse, she and her daughter Luciana faced discrimination and bullying.

The bullying got so bad that it affected Luciana’s mental health, and she was hospitalized while she recovered. Thankfully, her condition improved, but Ruby had to leave her job so she could care for her daughter.

As a result, they had to rely on just her husband’s income. And with looming hospital bills and the rising

*People like Ruby and Yvonne now have the essentials they need for a better future!*

cost of essentials, they constantly struggled to make ends meet. Even something as simple as a much-needed pair of new shoes was out of reach.

**But help arrived at just the right time! Thanks to world changers like you, Ruby and Luciana each received a brand-new pair of sandals that arrived in a shipment of aid to their community. It meant so much to know they weren't alone during their time of need.**

"Now we have beautiful sandals that we can use daily!" Ruby said. "Thank you so much for caring and praying for my family during this difficult time."

Just two pairs of sandals were enough to give hope and encouragement to Ruby's family. Thank you for making a difference in their lives!

## YVONNE: AN ENDURING IMPACT

Yvonne and her husband work hard to care for their four children, but they live in an impoverished part of Zambia where finding jobs that pay enough is difficult. Yvonne's husband earns money as a driver while she runs a small business.

**Despite their best efforts, Yvonne and her husband often struggle to afford food for their kids. Their family suffered from malnutrition for a long time, and Yvonne didn't know where to go for help. Then, through generous gifts like yours, Yvonne began receiving packs of nutritious rice every month for her family.**

This consistent supply of food shipped to their community has completely transformed their lives! Yvonne no longer worries about where their next meal will come from. Plus, she can continue growing her small business and work toward sustainably lifting her family out of poverty.

"I am deeply grateful for this program and for the donors who came into our lives at such a crucial time," Yvonne said.

**Your generosity was a lifeline for people like Ruby and Yvonne. Thank you for being the hands and feet of Jesus all around the globe!**

## THANK YOU!
