## Get to Know Caleb Marks!

Caleb Marks recently joined the World Help team as our new Video Editor and Photographer. It comes as no surprise he's also an avid movie and TV enthusiast! When asked what character from a movie he relates to the most, he said Samwise Gamgee from *The Lord of the Rings*! "I always find myself in the most peculiar situations out of loyalty, I loathe villains, and will always enjoy some well-made potatoes," he explained.

In his free time, Caleb likes to spend time exploring the outdoors and building epic LEGO creations. He also used to enjoy fencing in high school and "still yearns to cross blades with challengers." We're sure you'll find some worthy opponents here, Caleb!
