

## YOU SHIPPED ESSENTIALS TO PEOPLE WHO NEEDED THEM MOST

Thank you for shipping lifesaving supplies like food, clothing, medical equipment, hygiene items, and more to people in urgent need around the world!

When people are facing poverty, war, or a natural disaster, every day can be a fight for survival. And as prices continue to rise worldwide, many men, women, and children can't afford the essentials they desperately need.

But you helped provide them with lifesaving supplies and transformed their lives!

Here are two testimonies to give you a glimpse at the impact of your gift:

### DOROTHY: A LIFESAVING GIFT

Most nights, Dorothy didn't know how she would put dinner on the table for her six grandchildren. Their community in Malawi is facing a severe famine, and most families are struggling to find food.

On top of that, Dorothy's advanced age prevents her from holding a steady job, so she makes barely any money. Even if food was readily available, she wouldn't be able to afford it.

But help arrived at just the right time! Thanks to world changers like you, Dorothy and her grandchildren received a shipment of nutrient-fortified rice. This incredible gift was lifesaving for their family.

"I have not eaten rice for months," Dorothy said. Now,

*Thanks to you, people like Dorothy and her grandchildren now have lifesaving essentials.*

she finally can.

Dorothy no longer has to worry where their next meal will come from or watch her grandchildren suffer from malnutrition. Instead, she and her grandchildren can be strong and healthy with access to nutritious food. Thank you for transforming lives like theirs!

## JORDAN: “A FEELING OF WARMTH”

**For a long time, the students at a refugee school in Jordan had to walk to class in worn-out shoes that did little to protect their feet.**

Most of these boys and girls come from families that fled the civil war in Syria and crossed the border to safety. Some lost their parents and now live with extended relatives. Others live in extreme poverty because there are so few work opportunities for refugees.

Since these refugee families are barely able to afford food, other essentials like new clothes or shoes are simply out of the question.

**But through generous gifts like yours, all of the 4- and 5-year-old students received new shoes to wear! Now, they can walk to school safely and comfortably. Best of all, they experienced God’s love and knew someone like you cared enough to help.**

“They felt very happy to have something they needed daily,” our partner said. “Most of the children were orphans, so they felt great care and love and a feeling of warmth.”

Your generosity was an incredible demonstration of God’s love and provision for people in places like Malawi and Jordan around the world. Thank you for being the hands and feet of Jesus to those in need!

*These children in Jordan were so excited to receive new shoes!*
