

# WorldHelp® PRAYER GUIDE

Join the World Help family in praying for children with educational needs around the world.

## WEEK 1

### **PRAY FOR FAMILIES WHO CAN'T AFFORD EDUCATION FOR THEIR CHILDREN**

Families living in poverty around the world struggle just to afford essentials. After buying daily necessities, they often can't pay for school uniforms or fees, which are required to attend school in many countries. As a result, children become trapped in the cycle of poverty. *Pray God will open doors for these families to send their children to school.*

## WEEK 2

### **PRAY FOR CHILDREN WHO WORK INSTEAD OF GOING TO SCHOOL**

In some countries, children living in poverty must join the workforce to survive. Instead of attending school, they put in long hours to earn extra money for their families. This added income helps them afford essentials like food, but it also means children can't get an education and often stay stuck in poverty. *Pray that struggling families would receive the help they need so children can attend school instead of entering the workforce.*

## WEEK 3

### **PRAY FOR REFUGEE AND DISPLACED CHILDREN STRUGGLING TO ATTEND SCHOOL**

Children who have been displaced by war, natural disasters, or poverty often have trouble starting or completing their education. Often, their families can't afford to send them to school. Other times, schools are too crowded or far away for children to attend. Without education, they may never have a chance to build a brighter future. *Pray more educational opportunities will become available for refugee and displaced children.*

## WEEK 4

### PRAY FOR SCHOOLS STRUGGLING TO SUPPORT THE CHILDREN IN THEIR COMMUNITIES

Many schools serving impoverished or rural areas can't get the resources they need to accommodate all the kids in their communities. A lack of teachers, facilities, and other resources makes it a constant struggle to provide children with the quality education they need to thrive. *Pray these schools receive the resources they need to fully educate every child in their community.*

**Sponsor a child to provide them  
with education AND essentials!**
