

Nigeria

Population: 225,082,083

Main religions: Christianity, Islam

Reason for Bible desert: Religious persecution, refugee crisis

Since the arrival of the radical Islamic group Boko Haram, countless Nigerian Christians have been driven from their homes. Many were forced to leave everything behind — including their Bibles — as they fled for their lives. Since there are no Bibles available in the IDP camps, many Christ-followers haven't had access to God's Word for years. In this time of violence and fear, one of their most urgent prayers is that someone will send them the comfort of Scripture.

Pray for Nigeria

- Pray for the safety of Christ-followers, especially women and children
- Pray for parents struggling to care for their children in IDP camps
- Pray for these Christian refugees to receive Bibles
- Pray that Christians still living in Nigeria would receive Bibles
