

# Zambia

**Population:** 21.31 million

**Main religions:** Protestantism (75.3%), Catholicism (20.2%)

**Reason for Bible scarcity:** Poverty

Zambia is an extremely poor nation, and over half the population lives in poverty. Families often have a difficult time buying essentials like food and water. For those who aren't sure where their next meal will come from, Bibles have become a luxury. Practices like witchcraft and sorcery also have a strong influence in Zambia, which new Christ-followers can get confused with the true message of the Gospel. Access to the Bible is key to helping them grow their faith and stay grounded in the truth of His Word.

## Pray for Zambia

- Pray that more Christians would be able to get Bibles
- Pray for people in Zambia who are living in poverty
- Pray for the spiritual growth of churches in Zambia
