

YOU HELPED TRANSFORM LIVES LIKE ESPERANCE'S

Thank you for your generous support to help refugees and displaced people worldwide.

Your gift transformed lives by providing essentials like food, clean water, medical care, clothing, and other critical aid for people who have been forced to flee their homes. They had to leave everything they knew behind, but your kindness and compassion are a living testament to God's love and a reminder that they haven't been forgotten.

Check out how gifts like yours made a life-saving impact for Esperance and her family:

Esperance has endured more heartache than most people face in a lifetime. When violence from the war in the Democratic Republic of the Congo tore through her community, Esperance was forced to flee for her life. Tragically, she lost her husband and two of her children while escaping, and she and her two other children barely made it out. Now, they live in a refugee camp along with Esperance's pregnant cousin.

Esperance was grateful to get away from the chaos of war, but life has been incredibly difficult in the camp. She struggled to find food, and they often went to bed hungry, unsure if their next meal would ever come.

But your support was a lifeline! Thanks to gifts from people like you, Esperance received a supply of nutrient-rich meals to feed the whole family.

"I am grateful for this donation that will help me and my family to survive," Esperance said.

With her children fed and her cousin able to get the nutrition she needs for a healthy pregnancy, Esperance can finally breathe.

And that's not all – our partners who distributed the food were also to share the Gospel and lead worship in the camp where Esperance lives, reminding the refugees that Jesus loves them.

This is the difference YOU are making!

And Esperance's story is just one small example of your incredible impact.

Thank you for all you've done to bring relief and hope to people like her. You truly are a world changer.
