

**YOU'RE MAKING
AN IMPACT
ON THE FRONT LINE**

JESSENIA'S STORY

Jessenia is a 79-year-old grandmother caring for her two young granddaughters. Their small family was barely surviving. Jessenia gave everything she had to the children, so she hadn't eaten in days.

But that's when donors like you stepped in to help. Because of gifts like yours, Jessenia and her grandchildren received a supply of nutrient-rich rice meals. Now, she no longer has to go hungry so the children can eat!

Your generosity truly transformed Jessenia's life and restored her hope for the future. "God sent you. I didn't know what would happen," Jessenia said. "This morning, I cried out to God for a miracle, and now you have arrived. I know God heard me."

This is just one example of how your gifts have made an impact!
