

# YOU'RE MAKING AN IMPACT ON THE FRONT LINE

## CHIPO'S STORY

As a single mother, Chipo struggled to provide enough food and other essentials for her children. With barely enough money to put food on the table, things like clothing, medical care, and education felt like unattainable luxuries.

That's when donors like you stepped in to help. Thanks to gifts like yours, Chipo received a supply of fortified rice meals to feed her family! This incredible gift made it possible for her children to come back from the brink of malnutrition. It also allowed Chipo to put her money toward other items her family needs.

"The rice has been a blessing for our family," Chipo said. "My children are now looking healthy because of this rice you have continued to give to us. From the bottom of my heart, I am very thankful."

Recently, the World Help family also:

- Shipped five containers of aid to Burundi, Peru, Ukraine, and Zambia, reaching over 20,000 people with lifesaving aid!
- Completed two clean water projects in Sri Lanka
- Helped provide medical care to nearly 3,000 patients in Uganda and Guatemala
- Provided meals to starving people in Gaza
- And so much more!

Through your generosity on the Front Line, you truly are the hands and feet of Jesus around the world to the people who need to experience His love most. Thank you for being a world changer!
