## Get to Know Kristi Smith!

Kristi Smith is the new Director of our Marketing Department! When she isn't working, you can usually find her exploring the mall, browsing a boutique, or thrifting for treasures. Kristi also likes unwinding with a good podcast or book and spending time with family, especially by the water. "Anything by the beach is my happy place," she said.

Although Kristi has lived alone for most of her adult life, she welcomed her mother and niece into her home three years ago. Her family (and friends) mean the world to her – when asked what she would do if she had a paid year-long break from work, she said, "I would split my time between the cities where my friends and family live." We know you would make the best memories, Kristi!
