

Bibles = FOR All

The Bible is one of our most precious resources, yet many people around the world have never seen even a single page of it. They live in Bible deserts, countries where Bibles are either illegal or not easily accessible.

When you help provide Bibles for All, each month you ensure at least three people in Bible deserts receive a copy of God's Word!

WHERE WILL THE BIBLES BE SENT?

Each month, your gift will provide God's Word to some of the world's largest Bible deserts. You'll send Bibles to places such as:

India: Home to one of the largest concentrations of unreached people groups on earth. People belonging to lower social castes often can't afford Bibles.

North Korea: In this country, owning a Bible can lead to a 15-year prison sentence in horrific labor camps. Still, North Korean believers beg for God's Word.

Burundi: Almost 94 percent of Burundians are Christians. However, many of them lack access to Bibles due to poverty and scarcity – especially in rural areas.

And more!

HOW YOU CAN HELP

For \$36 each month, you can provide God's Word to three people who are waiting for a copy.

Since Bibles are often shared among family and friends, each one will impact an average of five people – so you will reach around 15 people with the Gospel every month!
