

# HUMANITARIAN AID CONTAINER SHIPMENTS

When a crisis, disaster, or poverty strikes, World Help is uniquely equipped and positioned to meet the temporary and ongoing needs of hurting people around the world. By working with national partners who are already on the ground, we can respond quickly and effectively to bring lifesaving aid and relief to those who are suffering.

## OUR APPROACH

**Food insecurity:** Food insecurity impacts hundreds of millions of people every year, causing malnutrition, stunted growth, and even death. You can provide nutritious meals for individuals in need.

**Disaster response:** When a disaster strikes, a quick and effective response can save lives and keep the tragedy from escalating.

**Health care:** Patients suffer when hospitals and clinics lack vital equipment. However, an entire community can prosper when facilities are properly equipped.

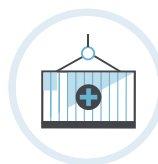

**Refugee assistance:** Emergency aid is a daily need for the more than 122 million displaced people in the world, since most have no way to provide for themselves.

**Education:** Basic supplies such as paper, pencils, and calculators enable schools in developing countries to offer students the best possible education.

**Community wellness:** For communities without basic hygiene products, necessities like soap, diapers, and toothpaste can be transformational and restore a person's health.

## AID BY THE NUMBERS

**Our goal for this year is to procure, ship, and distribute over \$19,000,000 worth of lifesaving supplies to 20 countries, impacting 1 million people.**

**Each container costs approximately**

**\$21,500**

**to ship, making the total need to reach this goal**

**\$1,397,500**

## HOW IT WORKS

1. Generous corporate donors and grants have provided lifesaving supplies like:

Food

Clothing

Hygiene kits

2. Your gift helps cover the acquisition and shipping cost to send these items around the world to the people who need them most!
3. Once we receive your gift, we load a container and send it to a community in need, where it will be distributed by our local partner.

### ON AVERAGE

**1 CONTAINER =**

More than **13,000**  
people helped

We are looking for 65 individuals or businesses to fund one container each at \$21,500 in order to meet our annual shipping needs. Your investment will make a difference in 13,000 lives!

**EVERY DOLLAR  
MULTIPLIED  
16X!**  
■ \$1 = \$16 ■

Every \$1 you give ships \$16 worth of food, medicine, and more! Even a small gift will multiply to help rescue many men, women, and children in desperate need.

### Your gift will help ship lifesaving supplies to countries like:

Peru  
Cuba  
Burundi  
Iraq  
Ukraine  
Honduras  
Haiti

Rwanda  
Zimbabwe  
Jordan  
Zambia  
El Salvador  
Moldova  
Belize
