

# WorldHelp® PRAYER GUIDE

Join the World Help family in praying for the needs of girls and women around the world.

## WEEK 1

### **PRAY FOR GIRLS AND WOMEN WITHOUT ACCESS TO EDUCATION**

Countless girls worldwide can't get an education. In places like Burundi and Jordan, many families living in poverty can't afford to send their daughters to school. Meanwhile, the Taliban has forbidden girls and women in Afghanistan from continuing their education. As a result, many girls are being robbed of their dreams and futures. *Pray that God would provide these women with a way to get an education.*

## WEEK 2

### **PRAY FOR GIRLS AND WOMEN TRAVELING LONG DISTANCES TO GATHER WATER**

In areas where water isn't readily available, the job of gathering water often falls on women and children. Most of the time, the only water source is miles away, and they spend hours traveling through dangerous areas. This often prevents them from going to work or school. *Please pray that safe drinking water would become available in these areas so women and children can pursue brighter futures.*

## WEEK 3

### **PRAY FOR GIRLS AND WOMEN TRAPPED IN HUMAN TRAFFICKING**

In Thailand and India, young women and girls are often pushed into the sex industry to provide for their families. Many of them were denied access to education when they were young, so they're unable to find better jobs. Meanwhile, in places like Afghanistan, many desperate and impoverished families are selling their young daughters into marriage. *Please pray that these girls and women would find freedom from human trafficking.*

## WEEK 4

### PRAY FOR GIRLS AND WOMEN WHO ARE VICTIMS OF GENDER-BASED VIOLENCE

Gender-based violence is rising around the globe. Women fleeing war and other crises are especially at risk. Sadly, many of these cases go unreported because they happen in remote areas where women can't find help. *Pray that God will protect these vulnerable girls and women from violence.*
