

WorldHelp® PRAYER GUIDE

Join the World Help family in praying for the greatest needs in the Philippines.

WEEK 1

PRAY FOR PEOPLE FACING SEVERE POVERTY AND OVERCROWDING

Manila is one of the most densely populated cities in the world. Other places in the Philippines are also facing overcrowding, and it's affecting those living in poverty the most. With so many people living in these areas, essentials are in short supply, and each day is a struggle to survive. *Pray that men, women, and children would receive all the essentials they need.*

WEEK 2

PRAY FOR COMMUNITIES AFFECTED BY NATURAL DISASTERS

The Philippines is prone to natural disasters, including tropical storms, flooding, and earthquakes. Countless people are affected each year, and for those already struggling to make ends meet, even a single storm can be devastating. *Pray that God would protect the people of the Philippines from natural disasters and surround them with peace and provision.*

WEEK 3

PRAY FOR ATI CHILDREN STRUGGLING TO ACCESS EDUCATION

In the northern Philippines, the children of the indigenous Ati tribe have historically faced significant barriers to education. Thankfully, our partners are passionate about eliminating these barriers — but there is still much work to do. *Pray that God would continue to bless our partners' efforts to provide educational opportunities for children in the Ati tribe.*

WEEK 4

PRAY FOR PEOPLE WITHOUT ACCESS TO CLEAN WATER

Many people in the Philippines don't have access to clean water, because most sources are contaminated. Without proper sanitation systems in place, many men, women, and children are at high risk of contracting life-threatening waterborne diseases. *Please pray that God would provide reliable access to clean, safe drinking water.*

**Sponsor a child in the Philippines
and give them hope for a brighter future!**

— “ —

Do not neglect to do good
and to share what you have,
for such sacrifices are
pleasing to God.

— Hebrews 13:16
