

YOUR  
Bibles =  
FOR All  
IMPACT

Thanks to your generosity, people like Kavita are holding God's Word in their hands for the first time. God is working through you in incredible ways.

Kavita, whose name I've changed for safety, grew up in a remote community in South Asia. She and her husband work any jobs they can find to provide for their three children, but it's often a struggle to make ends meet. Sadly, Kavita's husband began turning to alcohol to cope.

As Kavita watched her husband fall deeper into addiction, she worried for his health and how his habit would impact the future of their family.

But that's when one of our partners visited Kavita's community to share the Gospel. They prayed with her family, and her husband decided to stop drinking!

Soon after, Kavita and her family accepted Jesus as their Savior. And because of Bibles for All Ambassadors like you, they received their own Bible to read and study together! Thanks to you, they are equipped to grow in their newfound faith.

"The family was extremely happy and excited to receive the Bible," our partner said. "They consider it a great treasure and now read it regularly."

**You are truly transforming lives. Thank you for providing Bibles to Christ-followers and seekers in South Asia and worldwide.**
