

YOUR
Bibles =
FOR All
IMPACT

Thank you for your dedication to providing Bibles around the world – including in the Middle East.

Many people living in the Middle East have never heard about the Gospel of Jesus Christ, let alone held a Bible in their hands. But your generosity is changing that, one person at a time.

Arwa and her family have experienced more hardship in a few short years than most people do in a lifetime. After fleeing a dangerous war, they became refugees struggling to survive. On top of that, Arwa's son and husband both have severe medical problems.

Amid these struggles, Arwa and her family were losing hope for the future.

But everything changed when our partners held a mobile medical clinic near their homes. In addition to receiving vital medical care, Arwa and her family also received a Bible thanks to Bibles for All Ambassadors like you!

Although Arwa is Muslim, she has been interested in learning more about Jesus for years. Her children ask about Jesus, too. Now, she has her own Bible to continue learning about the Gospel and can seek the answers to their questions!

Arwa is just one example of the eternal impact you're making as a Bibles for All Ambassador. Thank you for providing Bibles to Christ-followers and seekers in the Middle East and around the world.
